

Project Demo Planning

Date	05 JULY 2026
Team ID	
Project Name	A Comprehensive Measure of Well-Being
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction	Introduce the HDI concept and project objective	2	Bhuvanesh Chavali
2	Problem & Solution	Explain the problem and proposed ML-based solution	2	Bhuvanesh Chavali
3	Project Workflow	Explain dataset, preprocessing, model training, and architecture	3	Bhuvanesh Chavali
4	Live Application Demo	Enter four indicators and demonstrate HDI prediction	4	Bhuvana Lakshmi Kongala
5	Results & Visualizations	Present prediction results and EDA plots	2	Bhuvana Lakshmi Kongala
6	Future Scope & Conclusion	Explain limitations, future enhancements, and conclusion	2	Bhuvana Lakshmi Kongala

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Introduce HDI and explain the need for fast, data-driven prediction
2	Solution Overview	Explain the ML model, four input indicators, and Flask web application
3	Live Feature Demonstration	Enter sample values, generate an HDI prediction, and show results
4	Q&A Session	Answer questions about the dataset, model, application, and future scope
